

THE G88er NEWSLETTER

Vol. 1

Fall 1968

No. 1

Sorry to say that the TOWER CLOCK yearbooks arrived late. This is due to the fact that the American Yearbook Co. had numerous orders from many universities and colleges, such as U.C.L.A., Norte Dame, and others. We should be inspired by the fact that this company has brought fine copies of our yearbooks because our yearbooks are very original.

Many students here have recommended highly about them. Some even said that it is one of the best Tower Clock yearbooks in the history. Congratulations to the 1968 Tower Clock staff members headed by Editor Charles Marsh.

THE PRESIDENT SAYS_*****

This is the first newsletter being distributed to the Class of 1968. It is my sincere hope that this newsletter and later ones will help keeping every member of Class of 1968 well-informed about their classmates and friends. Not only that the newsletters should keep you well-aquainted with important news pertaining to the deaf where we as a group should be concerned.

There is a humble proposal that I hope to succeed having members of Class of 1968 to be active in any affairs for the deaf in order to ensure a better welfare and program for the deaf as a whole. Some efforts in informing you about various organizations serving the deaf will be made in the next issue.

In this newsletter you shall find the milestones that contain information about some essential details such as engagements, marriages, births, graduate work, occupations, etc. You shall also receive a Class of 1968 directory which is similar to the student directory which was distributed during our dear old college days. The directory is not completed, but it should be helpful in getting touch with each other by means

of sending Christmas cards, etc. If you should find your address in the directory incorrect or your friend's address being unknown, please inform the address to:

George W. Oakes, Jr.
Secretary of Class of 1968
Gallaudet College, Box 804
Washington, D.C. 20002

For those who have not ordered a 1968 TOWER CLOCK, you can order it through the following address:

Mr. John Burton
1968 Tower Clock
Gallaudet College, Box 231
Washington, D.C. 20002

It only costs \$ 11.50; be sure to make check or money order payable to 1968 TOWER CLOCK.

Each one of you may notice some efforts to encourage you to be a prospective leader of the deaf, like subscribing some magazines for the deaf and joining organizations serving the deaf. It is an ideal for a college graduate or a former college student to engage some worthy civic organizations for they NEED your patronage and leadership. In other words, why don't you use your college education training of liberal arts education?

About the reunion plans, the next Gallaudet College Alumni Association will be held at Gallaudet in 1970. We, the '68ers can plan something there. What plans? We can think up something. Your help will be greatly appreciated.

Shouldn't we have a class reunion in 1973 which is five years after our graduation? Possibly on the site where we as the Seniors had a sneak day, in Echo Lake, Penn. - Vacation Valley of the Poconos or any other preferred site. Details about it will be announced later.

(to be continued)

One thing before I close, we should take off our hats to George W. Oakes, Jr., Secretary, for his untiring efforts to bring this newsletter into reality.

-Mark Alan Corson

SECRETARY'S REPORT

I want each one of us to tip our hats to Robert James for being helpful typing this Newsletter for us the 68ers. He is a good guy who keeps his eyes on and makes sure that the NEWSLETTER is in process, from being dead. He is back here after several years of absence from Gallaudet College and after attending Shepherd College for a short period time. Now he is majoring in Biology, and he is an interesting person.

I want to show my appreciation to the Gallaudet College Alumni Association and their director, Mr. Jack Gannon, for keeping me informed and giving me your addresses.

Now, I want you to keep your eyes on the new issue of the ALUMNI NEWSLETTER (November 1968) about the mileposts concerning our classmates.

Before I close, I hope you will give up some of your time to write me about the other classmates from whom I have not heard. Remember that I depend on you to keep the NEWSLETTER in continuity. In other words, I would like to see that our NEWSLETTER having more news, not just articles to discuss nor questionnaires.

INTERESTING TOPIC FOR NEWLY-WEDS!!!!

If you paid your wife at the going rate for all the jobs she performs around the house, her annual salary would be \$ 8,250! For a good wife not only must be intelligent and energetic, she must be skilled at no less than 12 different occupations.

--How about these rates--
 Nursemaid - \$1.25 an hour-
 General handy man - \$2.25 an hour
 Family dietician - \$2.50 an hour
 Chauffeur around town - \$2.50 an hour

Did your wife marry beneath herself?
 A GOOD WIFE IS WORTH \$ 8,250 A YEAR

James Olver is at his beloved Texas doing in his father's business.

Edmund Waterstreet, Richard Kendall, and Linda Bove joined with the travel agency the National Theatre for the Deaf.

David Riker is still around in Metro Washington working as the programmer in the government.

John Tunison is happy to have the quiet time with his wife somewhere in old New Jersey. I think he is the counselor in his old alma mater.

Mar k Corson keeps the patronage in Old Gally. Busy as usual, not with the SBG yet but his own courses.

Greetings to members of the Class of 1968

Your classmate and workhorse, George Oakes, told me that he was planning to get out a '68er Newsletter and politely consented to allow me to insert this advertisement.

I certainly encourage the idea of a Class Newsletter and wish you all the luck in the world. Give George the encouragement and backing he needs and you'll have something to be very proud of.

George and us folks here in the Alumni Office will work closely together in trying to keep addresses up-to-date. You can give us a hand in that by dropping us a post card every time you move, or get married, or when the stork visits. It will only cost you a nickel, but it will help us -- Heavensknows how much!

Finally, perhaps you would like to know that the Class of 1968 has only S E-V-E-N-T-E-E-N Life Members of The Gallaudet College Alumni Association:

UNFORGETTABLE SENIOR WEEK ACTIVITIES

Tuesday, May 28 - Reception in President Elstad's home was a memorable occasion for the graduating seniors. We were surprised to see many historic pictures and furnitures in spacious President Home. "Letter-opening" ceremony was hilarious. The classical examples were:

(1) In Edmund Waterstreet's letter he hoped to become the Grand Rajah of the Kappa Gamma Fraternity before Lyle Hinks would come to Gallaudet College. His hope failed because Lyle Hinks was the Grand Rajah during our senior year.

(2) In Charles Marsh's he aimed to become Executive Vice-President of the Student Body Government during his senior year, but his brother, Emory was the Executive Vice-President of the 1967-68 S.B.G. Administration. Instead, Charles took the reins of the 1968 Tower Clock as the editor-in-chief.

(3) In Andrew Murison's he desired to become the President of the Student Body Government. In the "letter-opening" ceremony, we were surprised that he had some untapped potential. He did a remarkable job as the Staff Editor for the Tockie.

(4) In Mark Corson's he wanted to follow his brother's footstep in becoming the S.B.G. President and he also hoped to serve as the Class President. In fact, he made the grand prize being our Class President during the Junior year and S.B.G. President during the Senior year.

Wednesday, May 29 - The Class Banquet and graduation party were held in the Stardust Inn at Waldorf, Maryland. The main highlight of the banquet was a presentation of a silver plate engraved with a "D" to Mr. and Mrs. Harold J. Domich. The Domichs were presented this plate for their outstanding service as our chaperones on our historical Sneak Days. Then Mr. Domich told us frankly that he and his wife felt so close to the Class of 1968 more than to any other classes at Gallaudet. This event will never be forgotten because an article with some pictures of the graduation party was press-covered by the Baltimore Sun newspaper reporters and was printed on pages 18, 20 and 21 of the Sun Magazine. (Sunday, June 23, 1968)

Thursday, May 30 - Free night, but an exciting one for a group of senior girls who caught George Oakes red-handed when he wore his birthday suit, and Tamar Manor said to George: "You have cute ass."

Friday, May 31 - Captioned film entitled "Man with 1000 Faces" was shown at the Auditorium.

Saturday, June 1 - The seniors were proud to present the Variety Show to their parents, friends and visitors. The cast as a whole were hilarious.

Sunday, June 2 - The Baccalaureate Service was held at the Auditorium at 3 o'clock. After this service the reception began. It lasted until last group of parents departed.

Monday, June 3 - No more Blue Monday was realized when the seniors were in a procession from the Hall Memorial Building to the Auditorium for Commencement. The leaders of Education in some foreign countries, who participated in the N.A.D. - sponsored International Seminar on Vocational Rehabilitation on Deafness, visited the Commencement. Splendid luncheon were served by ARA- Slater Cafeteria Service. In fact, the luncheon served by ARA- Alater was the last lunch we, seniors had. Mariott-Hot Shoppes, Inc. began to serve Gallaudet cafeteria one week after the graduation.

Credits should go to Mrs. Kathy Nichols (nee Miller) and her committee for their wonderful planning of the Senior Week Activities.

GALLY LAUGH-IN

Bob: Why do people buy clothes?

Jo: To protect their bodies

Bob: Not exactly - they buy them because they can get them for "nothing".

What is the basic difference between Gallaudet College and National Technical Institute of the Deaf?

To quote Dr. Powrie Vaux Doctor's remarks, "Gallaudet College is a place where the students learn 'how to live' while National Technical Institute of the Deaf is where the students learn 'how to make a living'." Interesting??

from the Dee Cee Eyes, the official organ of the District Columbia Club of the Deaf; Vol.2, No. 2; September 15, 1968; pp. 1 and 7.

GOOD NEWS FOR DEAF DOG-OWNERS

Do you have a dog? If you do, you must have thought at times that he was lovable but rather expensive considering what dog food, training, and medical care, licenses, shots and all that stuff costs nowadays. Well, cheer up folks!

The Internal Revenue Service in a bulletin on June 10, 1968 announced that the cost of buying, training, and keeping is an allowable medical expense when the dog owner is deaf. It is well known that many deaf keep dogs for the purpose of assisting them in knowing when someone is at the door and for protection. It is a fact that when a stranger stops on the porch, your dog is almost always the first to know. Hence, a dog is indispensable to many deaf persons and the Internal Revenue Service has finally recognized this and acted favorably.

DECEMBER VERSUS JUNE

The longest day is in June, they say;
The shortest in December.

They did not come to me that way:
The shortest I remember

You came a day with me to stay,
And filled my heart with laughter;
The longest day - you were away -
The very next day after.
